# LETTER FROM THE FOUNDERS

*"The desire to reach for the stars is ambitious. The desire to reach hearts is wise." - Maya Angelou*

Dear Neythri Community,

At the conclusion of this year, we are sharing our 2024 Year in Review with you. This is an opportunity for us to reflect on the past year, and to celebrate how the work we do at Neythri has enabled our community to stay connected, learn, give back and grow.

2024 was a year of continued momentum for Neythri. There are increasingly more organizations focused on uplifting and elevating women professionally, and we are excited that this is so. Within that broader set, Neythri represents a significant opportunity for South Asian women specifically to come together and elevate each other. We are especially proud of the incredible community of senior leaders comprising our growing Founding and Leadership Circle.

We have heard wonderful stories from our members on what happens when they connect across our Neythri community. Women who report new professional roles coming from relationships built at Neythri. Women who get mentored on successfully negotiating their career journeys. Women who attribute their board of directors seats to their learning about how to be "board ready". As one member said, "Neythri is the golf course we never had".

Our 30+ programs and events this year have focused on fostering deeper connections and learning among the senior women leaders in our Leadership Circle, as well as for the membership at large.

A few key events and programs include:

- Neythri's inaugural Gala & Summit "The Nth Power: Leading Without Limits", a sold-out gathering of over 200 South Asian women
- Leadership development events like "Use Your Personal Brand to Achieve Your Next Goal"
- Panels and workshops, like "Business Model Reinvention with AI"
- Leadership Circle Mix & Mingles that help our senior members connect

- Our Salon program continues to be one of our most acclaimed initiatives, providing a “personal board of directors”
- Our Board Readiness program completed its seventh cohort, with a growing number of board appointments in the community
- Our Young Professionals pilot launched this year to enable aspiring leaders to connect with others in the community
- The Neythri Advisor Network comprises 100+ senior members offering expertise to each other
- Industry/functional roundtables (Boards, Go-to-Market, Healthcare and Social Impact), enable members in each space to engage
- Neythri Futures Fund has closed 24 investments since inception in companies featuring diverse & women-led teams. The fund also celebrated 3 exits to date.

Our global membership has grown steadily in the past five years, with 3,300+ members. We consistently hold events for our entire community to meet and network in our “Cocktails & Connections” format, and to learn from experts on a wide series of topics.

We continue to demonstrate what we can achieve when we work and think as a community with shared interests and mission. We hope that 2025 will see even more members connect with each other in person and beyond. As one member memorably said, “Neythri feels like home.” We hope this will be true for so many more in the coming years!

## Inaugural Gala & Summit

Neythri held its inaugural Gala and Summit this year, a sold-out, spectacular event showcasing all the aspects of sisterhood, power, and sheer joy of Neythri. We hosted a 280+ sold-out crowd at the gala, with our members flying in from North Carolina, LA, Boston, Texas, New York, Toronto, Connecticut, and more!

The gala highlights included “The Fierce Walk”, with our members showing so much confidence and having fun in our colorful Neythri-style fashion show with themes showcasing different dimensions of our membership. We recognized Neythri key contributors and allies, listened to Indian acapella by Stanford students and shopped at a “Bazaar” with great South Asian female founded brands.

The all-day summit showcased great speakers from within and outside the Neythri community and opportunities to interact and share. We heard leaders share their “Crucible Moments,” key insights from a triad of founder-funder-investor and shared perspectives on diverse topics such as the path to the C-Suite, winning negotiations, networking, building your brand, and navigating career ladders as a woman of color.

There were so many great connections and so much sharing, with new friends and old. See the full agenda and details [here](#).

Our board connections partners include top retained search firms, private equity and venture firms, organizations focused on increased board diversity such as HimforHer, Equilar, BoardList and Diligent. We created and launched a Board candidate database with profiles for each candidate which is shared with all partners, and we have seen much interest in our community.
